Busworld Russia postponed to 2022

We did our best together with the Busworld International for having Busworld Russia on 26-28th of October 2020 at Crocus Expo. Since its launch in 2016, the show has become the key event for the Russian Bus and Coach market.

However, due to the growing COVID-19 cases, the Governor of the Moscow region has banned any mass events, including trade exhibitions from October 21st till November 7th, 2020 (the decree No. 463-PG, 19.10.2020). This ban forces us to make a non-easy decision to postpone the event.

The dates of Busworld Russia 2022 will be soon updated on the official website at

www.busworld-moscow.ru

We appreciate the support and loyalty of our exhibitors, visitors, partners and look forward to seeing you at our upcoming trade shows in Moscow: MIMS Automechanika Moscow 2021, Comtrans 2021, and Busworld Russia 2022.

Our updates can be followed at www.busworld-moscow.ru, www.comtransexpo.ru, www.mims.ru

Best regards,

Your Busworld Russia team
